**Pressure at the polls is the only way to ensure
public education remains a top legislative priority.**

Texas Parent PAC has raised over \$2.5 million from thousands of individual donors since 2005, allowing the PAC to make critical financial contributions to Pub-Ed friendly candidates.

Defeating unfriendly legislators and electing honorable Texans who support our neighborhood public schools requires well-funded campaigns.

Texas Parent PAC is a bipartisan political action committee dedicated to electing candidates to the Texas Legislature who will support and invest in the state's constitutionally mandated system of neighborhood public schools.
